

DEFENSE AGAINST DISGRUNTLED WORKERS

As an employer, you know the manner in which you hire, manage and dismiss employees has far-reaching consequences. Proven claims of discrimination or retaliation can destroy your company's reputation. The skilled litigation attorneys at Brooks Pierce have extensive experience defending employers from such damaging claims, including:

Claims against the NC Retaliatory Employment Discrimination Act

Whistle-blower claims

Wage and hour claims

EEOC charges and lawsuits on employment discrimination, harassment, retaliation, and other unfair employment action claims

Non-compete and confidentiality claims

Other common-law employment claims

We have successfully litigated hundreds of labor and employment court cases and arbitration hearings before state, federal and appellate courts. We also regularly represent employers before various government agencies, such as the EEOC, Department of Labor, the National Labor Relations Board, and the Office of Federal Contract Compliance Programs.

Our employment attorneys assist companies in putting preemptive strategies into place to avoid litigation as much as possible. However, when claims and disputes arise and litigation becomes inevitable, our team will tenaciously fight for the best possible outcome for our client.
